EXPERIENCE

Atlassian Senior Product Designer Mountain View, CA | Nov 2022 - Present

- Lead Designer on the admin experiences team creating a dedicated workspace for product admins that contains relevant, actionable insights around content management, user activity monitoring, alerts and access.
- Spearheaded the efforts on visualizations, facilitating designers and developers to create effective yet consistent visualizations across the Atlassian admin portfolio.

Atlassian Product Designer Mountain View, CA | Mar 2020 - Oct 2022

- Led product design for the Confluence Cloud Premium plan, an advanced content controls plan for organizations to scale.
- Collaborated with key stakeholders, Data Analytics, Marketing, Engineering and Product Management to formulate the design strategy and successfully deliver a variety of features such as Page archiving, External collaboration, Automation, and Space settings remodel.

Cisco UX Designer San Jose, CA | Jan 2019 - Mar 2020

- Design Lead for a core module in the CloudCenter (formerly CliQr) Suite, solving complex design problems in the multi-cloud management domain.
- Initiated evaluation studies for the Services project and iteratively tested design concepts with several customers.

Sigma Computing Product Designer San Francisco, CA | Jun 2018 - Jan 2019

- Designed and tested concepts for Sigma’s onboarding experience, consolidating interaction patterns into a unified system.

GE Digital Product Designer San Ramon, CA | Nov 2016 - Mar 2018

- Led and collaborated with product and development teams to ascertain clear business objectives and outcomes, identify design goals, and ship production ready wires for 3 major product release cycles.
- Contributed components and interaction patterns to the UI kit, to be used as a standard across the Predix platform.
